Subject: 2016 Investigation of Radioactive materials at Northrup Grumman's Bethpage facility report and link to Report on the Final Radiological Status of the Van De Graaff Accelerator facility
Attachments: Northrup Grumman Bethpage Facility Radiological Report.pdf; 2017NG-DEC000000099.pdf

Lorenzo,

Attached is the 2016 report from Grumman outlining their radiological activities at the Bethpage Operations.

You will be getting a link to the decommissioning report of the Van De Graaff Accelerator and other labs. I have also attached a March 1999 letter from NYSDOH releasing the subject areas of the decommissioning report from radiological control.

Eric
